## **MORLAND COMMUNITY CHILD CARE CENTRES VISION FOR RECONCILIATION**

*We acknowledge the Traditional Owners of the land that we live, work and play on, and value the rights of the Aboriginal and Torres Strait Islander peoples. Our vision is to strengthen our children's awareness of our oldest living culture to work towards reconciliation for future generations.*

*As providers of early year's education, Moreland Community Child Care Centres (MCCCC) can help to shape young minds to prepare them for the world we live in.*

*Reconciliation at MCCCC is about positively engaging our community to celebrate Aboriginal and Torres Strait Islander histories, cultures and peoples of the past and present. We will celebrate Aboriginal and Torres Strait Islander culture and diversity throughout our day-to-day learning practices. We will raise the level of cultural awareness of our staff and we will provide a welcoming environment that embraces inclusivity for Aboriginal and Torres Strait Islander people and non-Indigenous people.*

*As a centre, our path to Reconciliation is through respect for the histories and cultures of our First Nations. We will build meaningful partnerships with the Koorie community so that we can enhance our learning of local Aboriginal culture, support Aboriginal and Torres Strait Islander families and staff and embrace every opportunity to enhance the wellbeing of Aboriginal and Torres Strait Islander children, so every child can grow up strong, happy and healthy.*
